# A few words

## Web Accessibility

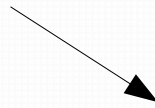

giving information access to all users

# Norms

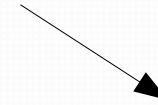

W3C

## WCAG

Web Content Accessibility Guidelines

AccessiWeb

RGAA avec son administration  
SE MODERNISE

# Concrete accessibility

~300 tests

Impossible to memorize  
Need **examples**

# Examples in trainings

- Few **real** ones
- Either good ones, either bad ones, rarely **both**
- Not given **systematically**

# So we need

**Archived** webpages

**database**

**Collaborative** work

KBAccess

**Knowledge base of**  
good and bad **examples**  
for web **accessibility**

# Webarchive

Snapshot of web page with **resources** :

- HTML
- Images
- CSS + background images
- Media (Flash, video, PDF...)

# Database

Test

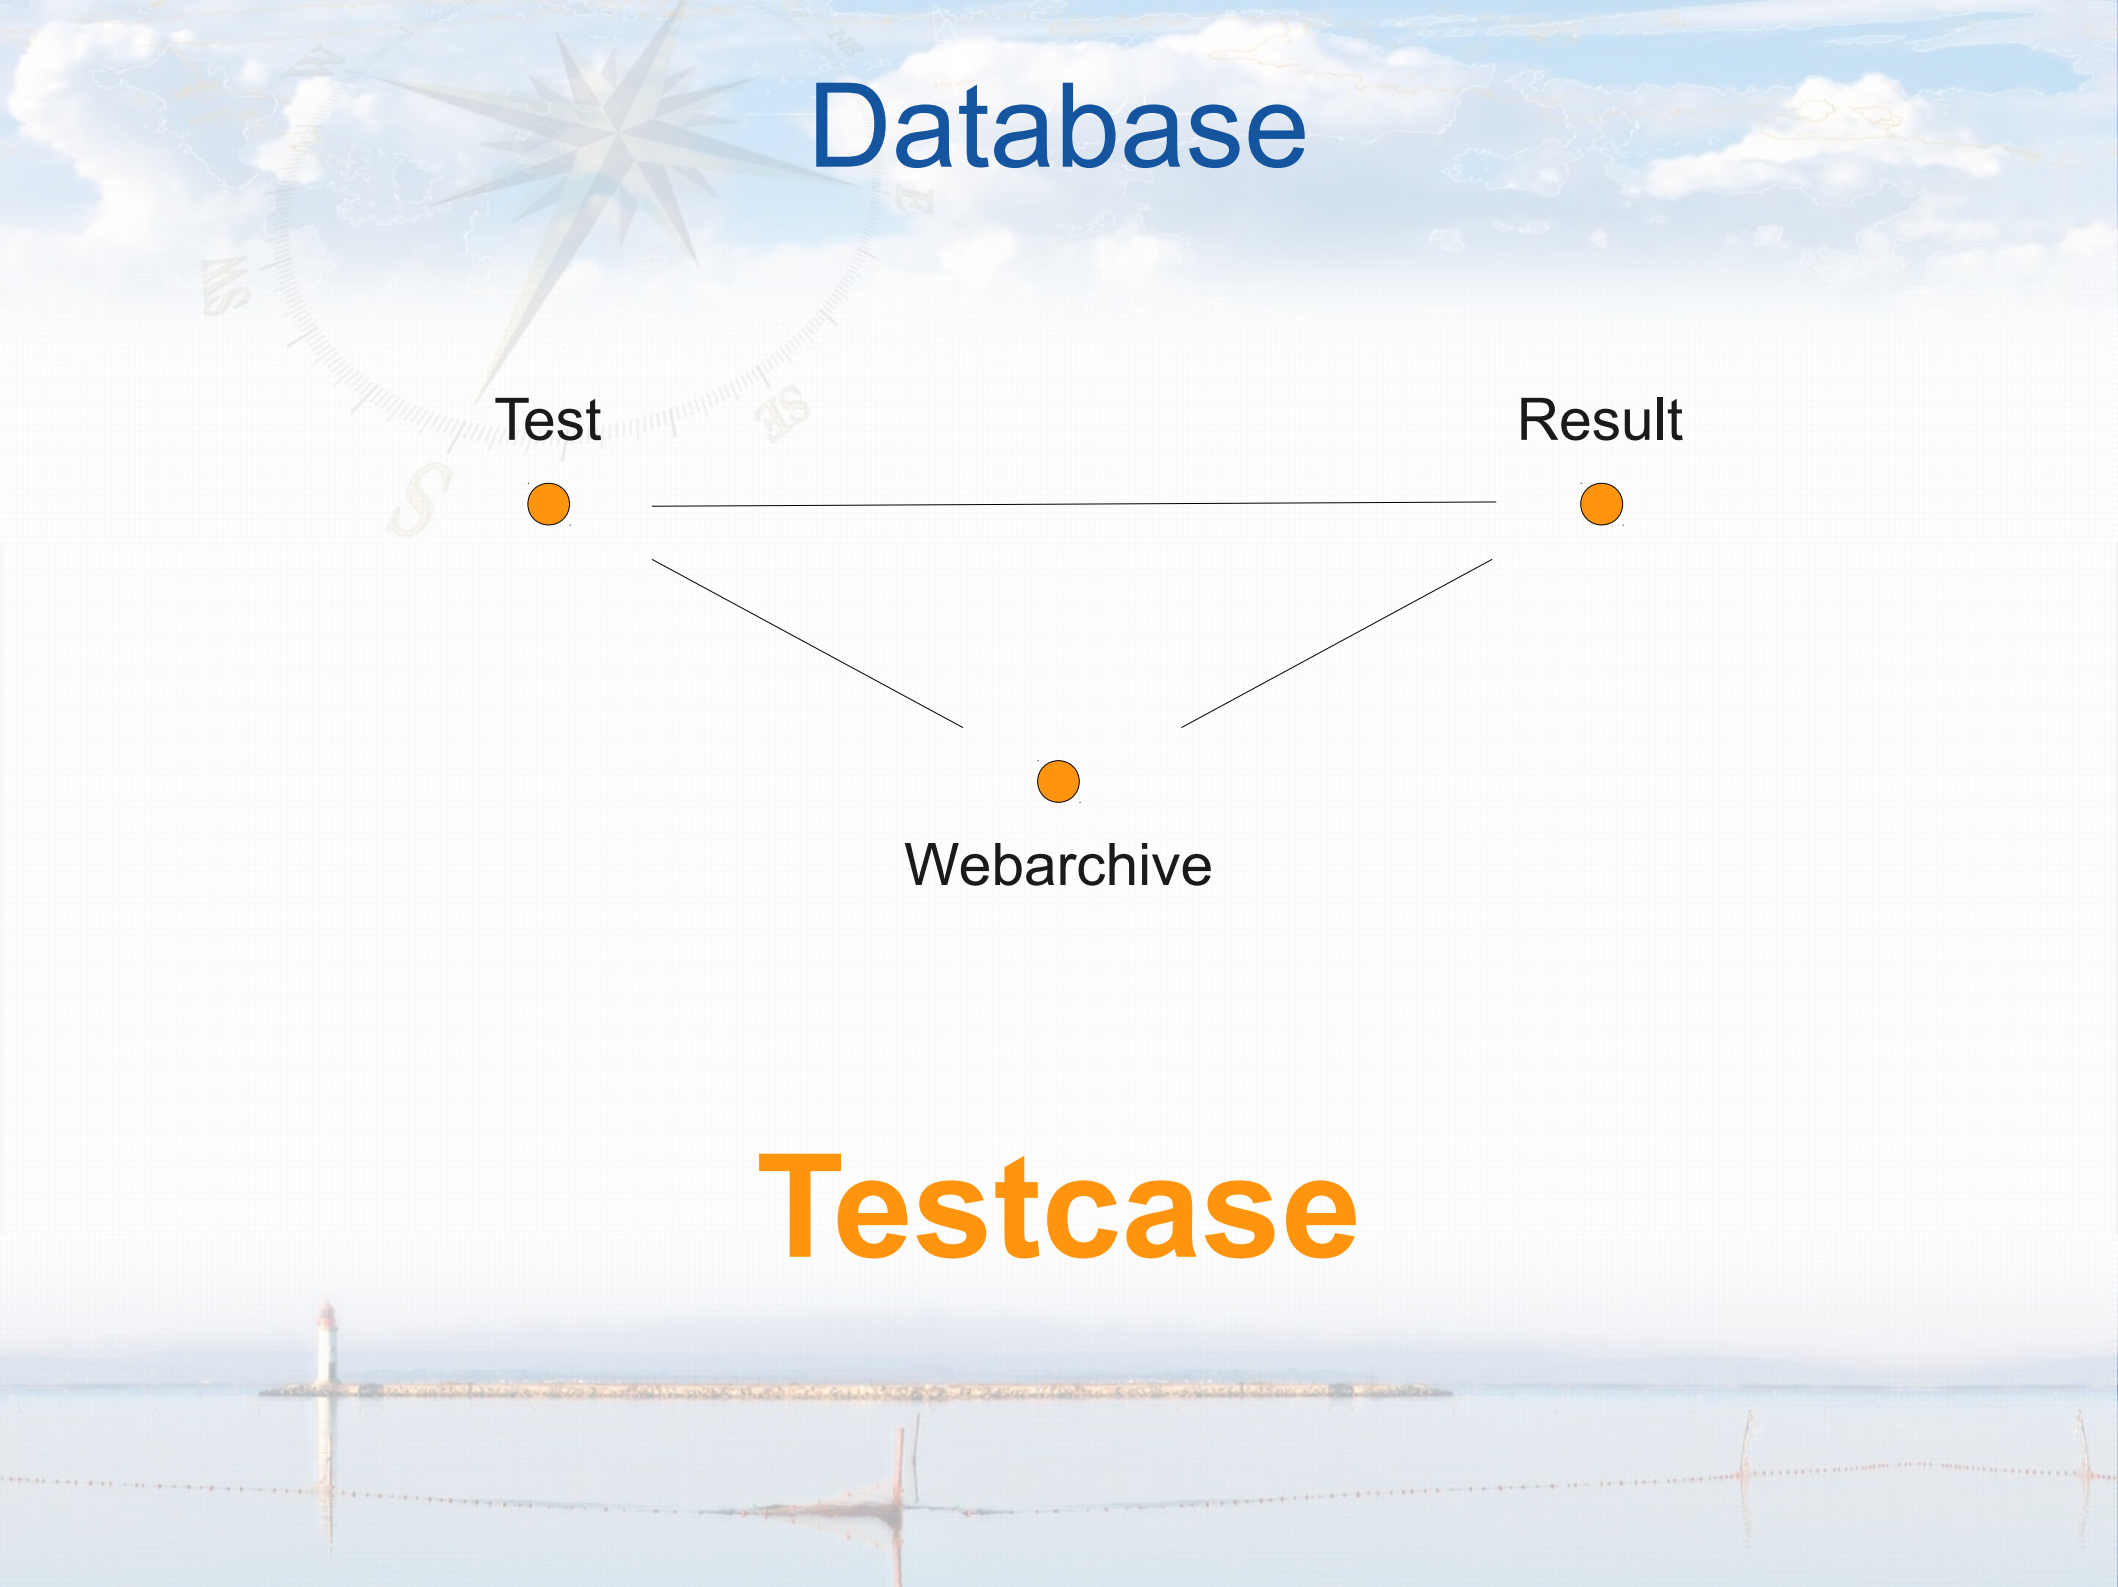

Result

Webarchive

# Testcase

# Collaborative

- Open to **everybody**
- **Not restricted** to accessibility experts
- **Peer review**  
guaranty information reliability

# Usages

- Trainings
- Proselytism
- Experience exchange
- Skills exhibition
